

# DEXEARN Network Risk Disclosure Statement

This **DEXEARN** Network Risk Disclosure Statement is designed to inform users of the potential risks associated with using the **DEXEARN** platform and participating in decentralized finance (DeFi) activities. By using **DEXEARN**, you acknowledge that you have read, understood, and agree to the following disclosures.

## Market Risk

Token prices within the **DEXEARN** network and the broader cryptocurrency market are highly volatile and subject to significant fluctuations. Token values may *increase*, *decrease*, or become *illiquid*. You could lose the entire value of your tokens. Exercise caution and only invest what you can afford to lose. Past performance is not indicative of future results.

## Smart Contract Risk

All interactions on **DEXEARN** occur through immutable smart contracts deployed on various blockchain networks. These contracts are subject to inherent risks. While efforts are made to audit and secure these contracts, unexpected vulnerabilities may exist. Exploitation of these vulnerabilities could lead to loss of funds. You acknowledge and accept this risk when interacting with **DEXEARN's** smart contracts.

## Regulatory Risk

The regulatory landscape surrounding cryptocurrencies and DeFi is constantly evolving. Regulations may change and impact token legality, trading ability, and access restrictions. New regulations could render certain activities on **DEXEARN** illegal or restrict your access to the platform. It is your responsibility to understand and comply with all applicable laws and regulations in your jurisdiction.

## Technology Risk

You may lose funds due to various technological risks, including but not limited to:

- **Wallet Mismanagement:** Improper storage or loss of private keys.

- **Incorrect Addresses:** Sending tokens to the wrong address.
- **Gas Errors:** Insufficient gas fees resulting in failed transactions.
- **Network Congestion:** Delays or failures in transaction processing.

Always double-check addresses and transaction details before confirming. Use reputable wallets and ensure you have a secure backup of your private keys.

## No Guarantees

**DEXEARN** does *not* provide investment advice, guarantees of returns. You are solely responsible for your investment decisions and their outcomes. Do your own research before making any investment decisions.

## General + Token Sale Disclaimer

**DEXEARN** is a decentralized application providing tools for token launches and staking. **DEXEARN** does *not* endorse or guarantee the success of projects launching or listed on the platform. Participation in Initial Coin Offerings (ICOs) or other token sales is voluntary, at your own risk, and often irrevocable. Token sales are conducted by project owners, and **DEXEARN** is not responsible for the actions or omissions of these projects. Conduct thorough due diligence before participating in any token sale.

## KYC & AML Policy

**DEXEARN** itself does not enforce “Know Your Customer” (KYC) or Anti-Money Laundering (AML) procedures. However, individual projects launching on **DEXEARN** may choose to implement KYC requirements. **DEXEARN** supports optional KYC badges and project-provided verification. **DEXEARN** does not collect personal user data.

## Cookie Policy

**DEXEARN** utilizes minimal cookies for session management, load performance optimization, and basic analytics. These cookies do not store personal data. Users have the option to block cookies through their browser settings; however, doing so may impact the functionality of the **DEXEARN** platform.

## Community Guidelines

The **DEXEARN** community encourages transparency, respectful communication, and the sharing of accurate information. Scams, harassment, fake promotion, and any other form of malicious activity are strictly prohibited. Violators of these guidelines may be banned from the **DEXEARN** platform and community channels.

## Conclusion

By using **DEXEARN**, you acknowledge and agree to the risks outlined in this disclosure statement. Cryptocurrency investments are inherently risky, and you could lose the entire value of your investment. It is your responsibility to understand these risks and make informed decisions.
